

Pathways to Certification & Licensure with SAM

We're here to help you add those valuable credentials behind your name and advance your career at SAM. Our **Pathways to Certification and Licensure** program offers a structured approach to help team members navigate the process, no matter your current experience level.

CERTIFICATIONS WE SUPPORT INCLUDE:

THE ADVANTAGES OF CERTIFICATION OR LICENSURE:

- // Establishes a clear technical standard for staff
- // Enhances employee expertise, making them more valuable
- // Reduces errors, elevates reputation, and drives business success
- // Builds personal pride through professional achievement
- // Opens doors to career advancement and opportunities
- // Credentials and education remain valuable throughout your career

With personalized mentorship, weekly study groups, and flexible scheduling, we make it easy for you to prepare and succeed. Ready to take the next step? See below for the steps to start your certification or licensure journey.

Complete the self-assessment on your education and experience.

Contact Gregory Schmidt in Learning & Development at gschmidt@sam.biz to schedule a 1:1 session.

Join a study group to prepare and practice for the exams.

Take and Pass!
